WAVELAND NEWS

MRS. BEVERLY ZIMMERMAN PHONE HO-74584
 WAVELAND, MISS.

The parade in Bay St. Louis was very nice. The weather was so pretty, report crowds turned out. The Pearl River Junior College band and the String of Pearls, the High Band and majorettes were a jubilation in the parade. The throw-outs were plentiful this year. Just a little trinket and it gives such pleasure to catch one.

The pleasures of make believe and carnival are past and now the Lenten season has begun.

Royalty in our midst are Mr. and Mrs. Wm. Gordon, Mr. Wm. Gordon, past king of Hermes in 1950 and Mrs. Gordon, past queen in 1954.

Mr. Gordon rode in a convertible in the Hermes parade Friday night.

Mr. and Mrs. Wm. Gordon were in New Orleans for the carnival season with relatives at the Roosevelt Hotel.

Mrs. Catherine Mayer and daughter Cheryl, Mrs. Dorothy Weidman and children Stanley and Debbie, went to New Orleans for carnival.

Mary Lou Horlby and Jeanie Davis went to New Orleans for all the carnival festivities.

Mayor Garfield Ladner and C. O. Dufour went to Memphis, Tenn., Sunday on a business trip.

Dr. and Mrs. Philip La Nasa were over for the weekend.

Roger Favre is out of the service on a medical discharge. He came home to visit relatives but plans to return to Michigan to operate a taxi cab service there.

Glad to see James DeBlanc out again after a bout with the flu.

Get well wishes to Bea Damien who has been ill with flu.

LAWMAKERS BOMBARDED FOR FUNDS

JACKSON, MISS. - Already financially pressed to meet \$20 million worth of "built-in" increases in existing programs for the current biennium, the legislature has been bombarded with major fund requests which would require \$61 million more in new revenue.

Approximately \$14.5 million of the existing deficit is the result of a teacher pay bill granted last year. A Senate bill, introduced two weeks ago to give teachers raises up to \$200 a year would cost about \$38 million.

The state's eight colleges and universities are asking for an \$18 million increase over the \$22 million appropriated for the last biennium.

College officials say the increase is necessary to allow Mississippi to compete with other states for qualified instructors. The institutions claim that the average instructor pay in the state is \$9,000 compared to a national figure of \$13,500.

New programs requested by Gov. Paul B. Johnson would cost an estimated \$5 million or more.

Faced with the problem of doing more with the money, the legislature and the governor are now looking for ways to raise the money. The legislature last week approved a \$100 million bond issue to work with the governor and Budget Commission to work out the 1964-1966 budget and make various recommendations.

POLL TAX BILL INTRODUCED

JACKSON, MISS. - A bill designed to increase the poll tax from \$1 to \$2 was introduced in the Mississippi House of Representatives today by Rep. J. B. McEwen.

The bill, which is being introduced in the House, is expected to pass. It would increase the poll tax from \$1 to \$2, which is the amount in many other states.

McEwen said he felt his proposal would cause a voter enough trouble to convince him he should be able to pay poll taxes "and get the full benefit of participation in all elections."

The measure, in conjunction with a bill which critics of the new poll tax amendment as "discriminatory" in that it would only affect the poor.

On February 9th the last of the hunting season closed. Better put the old gun away and take out the fishing tackle. All in all the season this year was good for all game, according to the Mississippi and Louisiana hunting and fishing commissions.

About the end of the month should usher in the soft crab and floundering seasons which will last practically all summer. Will be good to get the old feet wet again. A pair of old shoes and a light will do the trick.

The weather in Baton Rouge has been about like everywhere else, clear today, rain tomorrow. We did manage to get in a little golf and fishing.

Met and played golf with Byron D. Wilkins, retired and an ardent golfer. Byron is a newcomer to golf but plays a good game and is improving all the time. Another bunch of young golfers between the ages of 10 to 15 were Stanley Hanworth, George Thibault and Frank Lorman who give everyone a run for his money. A swell bunch of fellows. Seems like you're never too old to play golf. Play golf and feel young again, said one of the foursome.

Enjoyed going fishing with Charles Phillips. Didn't catch much but had a good time.

LOCAL SPORTSMAN

Rev. Lucius Cowan, pastor of the First Methodist Church, has been named Past Christian of the year for 1963. The Rev. Mr. Cowan was honored primarily on the basis of his work with youth organizations and his ability to become an honored man by working with boy scouts. He needs your guidance and your help. There is a lot of satisfaction in the giving and helping boys. Going on trips and becoming young men. You can work with them. You train the boys, learning to work outdoors, fish and other sports the boys participate in. The boys need you and you need them. Ask any master. He is always looking for help. It's a good pastime, too.

DISCUSS TUBERCULOSIS SCARE IN HANCOCK COUNTY

Mrs. Paul Miller of the Hancock County Health Department discussed the current tuberculosis scare in Hancock County, at last Tuesday's meeting of the St. Joseph Academy Parents' Club.

Mrs. Miller stated, contrary to rumors of hundreds of new cases in the county, the number of active cases of T. B., on the roster has not increased in the past 15 years and the number has varied from 18 to 20 cases, but she added, people in the county seem to be more aware of the situation at this time. She also spoke of the personal responsibility of persons with the disease and of what the Health Department is doing about it.

Mrs. Willys Rhodes, president, presided over the business session. The rummage sale chairman asked for used clothing and household articles for the bargain sale to be held March 16-17 and 18.

Mrs. J. H. Tieman won the entrance prize, and the ninth grade won the room count.

Hostesses for the social hour were Mesdames Tieman, Eloise Hayes, L. W. Touart and Joe Church.

I'll never forget the first time I saw a harp. I was walking by a music store with my mother and it was there in the window, tall and golden. I knew, then and there, that I wanted to be a harpist.

But, my heart sank, for I knew my parents could afford neither the instrument nor the lessons. I started to pray every night to God to send me a harp.

Nothing happened. My small spirit rebelled, and I blurted out to my Sunday School teacher that my prayer hadn't been answered. My teacher was a wonderful woman. She just said, "You've been going about this in the wrong way, Ann. You've been demanding something of God. Don't you think it would be better if you asked His?"

Her quiet words made an impression. The tenor of my prayers changed. And the teachings of the Church meant more to me than ever.

Well — in time, I did become a harpist. Recently, I played my first concert. And as the great, golden instrument came to life beneath my fingers I hoped that the angels, too, were smiling.

THE CHURCH FOR ALL — ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a strong house of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and read your Bible daily.

1. For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

SOYBEAN VARIETY TESTS SHOW LEE PRODUCES WELL

STATE COLLEGE, MISS.

Lee continues to be the top producing soybean in Mississippi. Station variety tests in Mississippi Delta and ranks near the top in tests in the hill sections of the state.

Dr. E. E. Hartwig, USDA research agronomist, has recently reported results of his 1963 and 1964 tests at the Delta Branch Experiment Station at Stoneville. Of five varieties tested, Lee had the highest yield, last year on sandy loam soil and only one-tenth of a bushel below Jackson, the high producer on clay soil. It led in five-year and ten-year average yields on both soil types.

Planting an adapted variety is essential for successful soybean production, Dr. Hartwig says, but management is also very important. Lee has averaged 40 bushels per acre at Stoneville for the past 10 years, while the state average yield is only half that much although the same variety is generally planted. Dr. Hartwig be-

lieves failure to control weeds is perhaps the most important factor limiting soybean yields in the state.

In the hill sections of Mississippi, nine soybean varieties were compared at State College and a Branch Experiment Station at Brooksville, Raymond, Pontotoc and Holly Springs. When yields from all these locations were averaged Hood and Hale 3 were very slightly above Lee. C. D. Green, Experiment Station agronomist who supervised these tests, says Lee is, and should be, the main variety grown at present because of its seed holding ability. Plant breeders developed this variety especially for its high yielding and non-shattering traits. Complete results of soybean variety tests in both Delta and hill areas are available on request from the Experiment Station at State College, Miss.

THOMAS TALKS ON PHARMACY AT NORTH CENTRAL

Pharmacists are the second most needed professionals, Charles Thomas, owner of pharmacy at Fabry's Drug Store, told students at Hancock North Central School.

Three to 400,000 pharmacists will be needed to fill the vacancies at the corner drug stores and at drug manufacturing concerns in the next few years.

To prepare to be a pharmacist, Mr. Thomas told the students, you need a high school diploma, and you must be gifted in the sciences, orderly, and accurate. Then you must attend a Liberal Arts college for 2 years, and a School of Pharmacy for 3 years, to obtain a B. S. in Pharmacy.

He also stated that there are many scholarship opportunities in this field.

Mr. Thomas, who is a graduate of the University of Mississippi, concluded his talk by stating "A successful person is one who is prepared to accept the opportunity

WASHINGTON - Many cotton farmers of Mississippi have written to me regarding a proposal made by Secretary of Agriculture concerning payment for cotton acreage even though that acreage is not planted.

I do not believe that Congress will pass a law providing for payment to farmers for unplanted cotton acreage for the calendar year 1964.

The plan proposed by the Secretary of Agriculture is strongly opposed by both the House of Representatives and the Senate.

I do not believe Congress will pass a cotton bill this year which will change the cotton acreage allotment, decrease it nor increase it.

The welfare of our counties and our State is such a high cash crop. I believe we should be paid for that crop. I believe we should be paid for that crop this year. These acres back will be in reality delayed. I believe that the early final plans for the interest.

I think it is best to do have acres which intend to plant to to the county ASCS they have come in will allow the unused redistributed under the law to other farmers and to their families.

PROPER TREATMENT IS SUBJECT OF ARTHRITIS SEMINAR

Proper treatment, started early, can prevent crippling in 70 percent of those who suffer from arthritis.

Proper treatment is the subject of the Arthritis Seminar which will be offered at University Medical Center in Jackson on Feb. 20.

Purpose of the refresher course is to tell physicians and other members of the health team about newer and better weapons to fight this crippler.

This third in an annual series of continuing education courses on arthritis is aimed primarily at family physicians, since they accept much of the responsibility for fighting arthritis.

Members of the Mississippi Academy of General Practice who attend will earn six hours of category 1 postgraduate credit.

On the panel of authorities who'll teach the course are four guest speakers: Dr. Oren B. Gum, associate professor of medicine at Tulane University; Dr. E. M. Luncie, orthopedic surgeon from Columbia, S. C.; Dr. Joachim L. Dultz, consultant in the section of physical medicine and rehabilitation at the Mayo Clinic, Rochester, Minn.; and Dr. Carl M. Pearson, associate professor of medicine at the University of California.

Dr. Gum and Pearson will talk about diseases which are similar to rheumatoid arthritis but involve important differences. Dr. Luncie will discuss a unique treatment for arthritis of the hip. Exercises for arthritis will be reviewed by Dr. Opitz.

All four visiting authorities and Dr. Paul S. Derian, associate professor of orthopedic surgery at the Center, will participate in a panel discussion of case studies which illustrate the principles reviewed in the lectures.

Dr. Frederic C. McDuffie, associate professor of medicine, is program coordinator and will preside in the morning. Dr. Donald T. Imrie of Vicksburg will preside at the afternoon session.

Grants from the Mississippi Chapter, Arthritis and Rheumatism Foundation and from the Public Health Service make it possible to offer this course without charge. Advance registration is requested.

The public is invited to help this worthy cause.

RIGHTS MEASURE IS PASSED

WASHINGTON - The House has approved the civil rights bill in an overwhelming vote hailed by President Johnson as "an historic step forward for the cause of dignity in America."

It now faces a tougher battle in the Senate where Southerners hope to whittle it down with talk.

As turned out by the House in a 280-130 roll call Monday night, the bill amounts to the most sweeping civil rights legislation in history.

Southern efforts to water it down were crushed at every turn by a coalition of Republicans and Northern Democrats.

But in the Senate with its different rules of debate, the Southerners hold the weapon of a filibuster and hope to weaken the measure by forcing a compromise.

Girding for the battle ahead, Senate Democratic leader Mike Mansfield outlined parliamentary moves Monday designed to delay Senate action on civil rights until the tax cut bill clears Congress, probably by the end of the month.

Johnson, in a statement, paid tribute to the bipartisan nature of the triumph in the House, declaring:

"It represents the culmination of months of hard work by men of good will in both parties."

"Now the task is before the Senate. I hope the same spirit of nonpartisanship will prevail there to assure passage of this bill guaranteeing the fundamental rights of all Americans."

Voting for the bill in the House were 152 Democrats and 138 Republicans. Voting against it were 96 Democrats and 34 Republicans.

The bill is aimed at ending racial discrimination in employment, public accommodations, voting schools and other public facilities, and in federally aided programs.

A new section added just before passage would create a community relations service to mediate racial disputes.
